

Forex Product Specification Sheet

Foreign Exchange Products

The foreign exchange market is notably the largest market in the world. Due to this large size and liquidity many believe that this is the most efficient financial market. It is important to realise that this market is composed of multiple different currency pairs and is constructed from a global network of computers permeating all participants.

IC Markets provides low latency electronic connections to the worlds largest investment banks allowing you to trade on raw True ECN spreads with the unrivalled Performance and efficiency.
